Aberystwyth University
Useful information about requirements

Applications
Nominated students will be contacted **once the nomination period has closed** and will have until 1st May 2022 complete our online application form and submit their supporting documentation.

The documents students will need to submit to support their application are outlined below:
- A valid passport
- Academic transcripts
- An academic reference
- Evidence of meeting the English language requirements*

Please note: Any documents submitted as part of a student's application that are not in English will need to be submitted along with an official English translation of the document.

*Visa & Immigration Information for EU and EEA students

English language requirements for Full Year Study:
Following the UK's exit from the European Union, EEA students wishing to study at Aberystwyth for a full year will need to apply for a Student Visa, and will need to provide specific tests or qualifications to prove that they meet CEFR level B2 in English in all four components (Reading, Writing, Speaking and Listening) or equivalent.

In addition to the English language tests and qualifications detailed above, a range of Country-Specific Qualifications and formal confirmation on university letterhead that students meet The Common European Framework of Reference for Languages (CEFR) of B2 in English in all four components are also acceptable.

Visa information for Single Semester Study:
EU and EEA students wishing to study at Aberystwyth for a single semester, will not need to apply for a Visa prior to their travel to the UK. However, it is important that they are aware that they will automatically be allocated a Visitor Visa on arrival.

Students will be given specific visa and immigration advice once their application has been accepted.
